

# AF 280

## Powerful folding for any size office.

The AF 280 is an automatic tabletop folder that does up to 280 sheets per minute. With six popular pre-programmed folds and a multitude of custom folds, crisp and accurate folding for a variety of applications is accessed at the touch of a button. The patented feed system ensures reliable feeding and accurate folds for a wide range of popular paper sizes, weights, and stocks. The unit will handle up to 90lb. index stock. No manual adjustments are necessary, as the AF 280 automatically recognizes five popular paper sizes - letter, legal, ledger, ½-letter, and ½-legal.

When powering back on, the fast set-up mode allows the AF 280 to automatically recall the last job. Simply load the feed tray with up to 500 sheets, select the fold type, and hit start. The FP AF 280 is the fastest, most easy to use tabletop folder for all applications demanding speed and precision folding.

# AF 280
