

# FP-150

## A Rugged and Reliable Solution to for Keeping Postage Costs In Check.

**D**o you send a diverse mix of outgoing mail and parcels? If so, choosing the right postage scale for your office environment can easily save you up to 15 percent on postage expense. The FP-150 is designed to help you save that money by weighing your heaviest packages with complete accuracy. Ruggedly built and extremely durable, it offers a wide platform for handling large packages and is designed with an oversized, backlit LCD for easy viewing of weights. The FP-150 also offers a highly responsive keypad that simplifies entry for easy operator use.

With the FP-150, you'll never have to worry about paying too much for big parcels. This postage scale readily calculates domestic and International rates, including zip-to-zone, Express Mail, Library and Book for any size package. Plus, it is programmed to handle most UPS and Federal Express rates at no extra cost. **F**or added productivity, the FP-150 interfaces with any FP postage meter allowing you to automatically set postage and process mail more quickly. The bottom line? You can't help but come out ahead with the FP-150 on the job.

# FP-150

## Key Advantages

**Ruggedly Built** Handles heavy packages up to 150 pounds. Wide platform supports larger, awkward parcels. Easy to read, backlit LCD display prevents blocking information.

**Highly Productive** Calculates all types of domestic and international rates to the penny, including Express Mail, Library and Book. Programmed to handle most UPS and Federal Express rates.

**Convenient Connectivity** Interfaces with FP postage meters for automatic postage setting. When connected, the postage amounts are automatically transferred from the scale to the meter for fast mail processing.
